AYER'S PILLS FOR ALL THE PURPOSES OF

FAMILY PHYSIC. THERE has long existed a I public demand for an ef-

fective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been orepare I to meet that demand, and an extenive trial of its virtues has conclusively shows with what success it accomplishes the purpose designed. It is easy to make a physical Pill but not easy to make the best of all Pills—out which should have none of the objections, but all the advantages of every other. This has been attempted here, and with what success

we would respectfully submit to the public desision. It has been unfortunate for the patien hitherto that almost every purgative medicine is acrimonious and irritating to the bowels,-This is not. Many of them produce so muco griping pain and revulsion in the system as t-more then counterbalance the good to be derived fror them. These pills produce no irri-lation or pain, unless it arises from a previouse y existing obstruction or derangement in thu bowels. Being purely vegetable, no harm cas iarse from their use in any quantity, but it is better that any medicine should be taken fudiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, indigestion. Languer, and loss of Appetite, Listlessness, Irratibility, Bill lious Headache. Billious Fever, Fever and Ague, Pain in the Side and Loine, for, in truth all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and sure relief in Costiveness, Colic, Dysentery, Humors, Scrofula and Scurf vy, Colds, with screness of the body. Ulcas and impurity of the blood; in short, any and every case where a purgative is required

They have also produced some singularly successful cures in Rheumatism, Gout, Proc sy, Cravel, Erysipelas, Palpitation of the t. Pear Pains in the Back, Stomach, and Side. The should be freely taken in the s, ing of the year, to purify the blood and prepare the system for he change of the season. Ar occasional dose tstimulates the stomach and bowels into her lth action, and restores the appetite and vigor.-They purify the blood, and, by their stimulant action on the circulatory system, renovate strength of the body, and restore the wasted or discased energies of the whole organism.— Hence an occasional dose is advantageous even though no serious derangement exists; but unnecessary dosing should never be the ried too far, as every purgative medicine reduces the strength, when taken to excess quired cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than anything which has bitherto been available to mankind. When their virtues are once known the public will no longer doubt what remedy to employ when in need of a cathartic medicae.

Being sugar wrapt they are pleasant to take and being purely vegetable, no harm can arise from their use in any quantity.

HIS remedy has won for itself such notoricty for its cures of every variety of Pul-monary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulnes, and so numerous the cases of its cures, that almost every section of the country abounds in persons emblically known, who have been restored from alarming and even desperate diseases of the large by its use. WHAT EVERY WOMAN SHOULD KNOW

Every woman should know that if she is in poer, sickly, debilitated condition of health, making existence a burden to herself and a source of painful anxiety to her relatives and friends, and perhaps, (horrible redection) enfalling and inflicting her own maindles and sufferings upon her children, that it is her duty to understand why and from what sause her sufferings arise, that remedy and relief may, while yet there is time, be availed of, the causes he avoided in future, and her health restored, that she may be fitted for the duties and espable of the enjoyments of 1866.

M6.

Let every woman look at the emediated form, the death-like complexion, the deep-buried, instruces eye, the sunken cheek, the gloony and despressed spirits, the shaltered nerves, the prestrate and helpless condition of many a wife, mother, daughter, or sister, if not herself included, within her own circle, whose days are days of agony, and ask herself, "Must this continue? Must this he? Is there no remedy? No relief? No hope?"

The remedy is by knowing the causes and aveiding them, and knowing the remedies and benefiting by them.

THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION,

BY DR. A. M. MAUBICEAU, One hundredth Edition (500,000). 18mo., pp. 250.

[ON FINE PAPER, EXTRA BINDING, \$1 00.] Every complaint to which a woman is subject, from girl hood to womanhood, as also as wife and as mother, are fulhood to womanhood, as also as wife and as mother, are fully described, with the causes, the symptoms, and also proper mode of treatment, in a plain, simple, but in the most chaste language, easily understood. And thus every woman can discover, by comparing her own symptoms with those described, the nature, character, and causes of her complaint; and be spared much anxiety and suffering. The wife about becoming a mother has often need of instruction and advise of the utmost importance to her future health, in respect to which her sensitiveness forbids consulting a medical gentleman, will find such instruction and advice, and also explain many symptoms which otherwise would occasion anxiety or alarm.

which otherwise would occasion anxiety or alarm. How many are suffering from obstructions or irregulari-ties peculiar to the female system, which undermine the health, the effects of which they are ignorant, and for meanth, the emeca of which they are ignorant, and for which their delicacy forbids seeking medical advice? How many suffer from prolapsus where (falling of the womb), or from futur albus (weakness, debility, &c.)? How many are in constant agony for many months preceding confinement? How many have difficult, if not dangerous deliveries, and slow and uncertain recoveries? Some whose lives are hazarded during such time, will each find in its negative means of prevention, amelioration and relief.

lives are handed during such time, will each find in its pages the means of prevention, amelioration and relief. How many bitter moments, how much anguish, might have been spared to the sufferer, to ker husband, to her relatives, by the timely possession of this little volume. It is impracticable to convey fully the various subjects treated of, as they are of a nature strictly intended for the married or these contemplates presented.

treated of, as they are of a nature arrively intended for the married, or those contemplating marriage. But no husband, wife or mother are excusable if they still continue in ignorance of those physiological laws, by the knowledge of which their own health and happiness, as also the future well-being of their children, are secured. "THE MARRIED WOMAN'S PRIVATE MEDICAL COMPANION" is a standard work of established reputation, found classed in the catalogues of the great trade sales in New York, Philadelphia, and other cities, and sold by all the principal booksellers in the United States. It was first published in 1847, since which time

FIVE HUNDRED THOUSAND COPIES have been sold, of which there were upwards of ONE HUNDRED THOUSAND SENT BY MAIL. ttesting the high estimation in which it is held as a reliable popular Medical

BOOK FOR EVERY FEMALE; the author having devoted his exclusive attention to the treatment of complaints peculiar to females, in respect to which he is yearly consulted by thousands.

In consequence of the universal popularity of the work, as evidenced by its extraordinary sale, various impositions have been attempted by imitations of title-page, spur-rious editions, and surreptitious infringements of copy-right, as well upon booksellers as upon the public; it has been found necessary, therefore, to

CAUTION THE PUBLIC te buy no book unless the words " Dr. A. M. MAURICEAU, 129 Liberty street, N. Y.," are on the title-page, and the entry in the Clerk's Office on the back of the title-page and buy only of respectable and honorable dealers, or send by mail, and address to Dr. A. M. Mauriceau.
